## Journal of Vibration Engineering & Technologies

Editor-in-Chief: J.S. Rao

Journal of Vibration Engineering & Technologies provides a medium of communication among scientists and engineers engaged in research and development in the field of vibration engineering. It features original papers, in-depth reviews, experimental tests and results, design ideas and application papers of direct relevance to the industry. The journal promotes the objectives of the Vibration Institute of India for creating better awareness about the benefits of vibration analysis in assessing machinery health.

Impact Factor: 0.615 (2017), Journal Citation Reports®
