## SN Applied Sciences

Managing Editor:

C. Chuwah; A. Fatemi; E. Collado Fregoso; Th. Von Larcher; N. Ranjbar Sahraie

- ▶ **No colour or page charges, free to submit, free to access for the first two publication years**
- ▶ **Fosters strong international interdisciplinary applied science content to a wide readership**
- ▶ **Presents sound science discovery to solve practical problems in an innovative way**
- ▶ **Rapid publication of articles with high visibility**
- ▶ **Article-level metrics to track the impact of your work**
- ▶ **Opportunities for you or your organization to partner with the Journal and enjoy planning and publishing Topical Collections in hot areas of research, without the pressure of publishing a fully-fledged journal**

SN Applied Sciences is a multi-disciplinary, peer-reviewed journal for the disciplines of Chemistry, Earth and Environmental Sciences, Engineering, Materials Science and Physics. It fosters sound scientific discovery to solve practical problems. The journal encourages quality, scientifically valid, original articles which present a good understanding of scientific knowledge, experiments and theories, methods and techniques, as well as interdisciplinary linkages. It welcomes research articles, review papers, case studies, and short communications. SN Applied Sciences offers Topical Collections designed to consolidate publications of a specific research topic. Articles can be either released as direct papers or within a Topical Collection.

The **Engineering section** provides a forum for various sub-disciplines of Engineering Technology, e.g., Bioengineering, Applied Engineering, Robotics and Control, Signal Processing, Data Analysis, Experiments, Computational Mechanics, and Fluid Mechanics.
