Progress in Mathematical Physics

Editors-in-chief: G. Dito, G. Kaiser, M. K.H. Kiessling

Progress in Mathematical Physics is a book series encompassing all areas of theoretical and mathematical physics. It is intended for mathematicians, physicists, and other scientists, as well as graduate students in the above related areas. This distinguished collection of books includes authored monographs and textbooks, the latter primarily at the senior undergraduate and graduate levels. Edited collections of articles on important research developments or expositions of particular subject areas may also be included.
