Crime and Corruption in the Holiday Sector

Reihe: Tourism, Hospitality & Event Management

- Provides latest research on crime and corruption in the holiday industry
- Includes a wealth of case studies on tourism-related conflict and fraud, criminal and negligence offences, exploitative business practices, mistreatment and deterioration of cultural attractions and heritage
- Addresses the core challenges facing tourism stakeholders, national legislators and law enforcement agencies

This book presents the latest research and novel case studies on crime and corruption in the tourism and hospitality industry. It approaches tourism as both a globalised business impacting the livelihood of millions of people, and a highly challenging field of action for national legislators and law enforcement agencies. The global nature and ubiquity of tourism, as well as the core elements of the holiday experience - such as interactions with unknown environments and places, a care-free mind-set, novelty-seeking behaviour and anonymity - render it highly susceptible to victimisation, crime and corruption. Accordingly, the book addresses a comprehensive set of emerging issues, including: conflict and fraud during holidays; criminal and negligence offences at tourists' expense; exploitation and mistreatment of service workers; deterioration of heritage, cultural and natural resources; and securitisation of tourism.
