# Advances in Information and Computer Security

Second International Workshop on Security, IWSEC 2007, Nara, Japan, October 29-31, 2007, Proceedings

Reihe: Security and Cryptology

The International Workshop on Security (IWSEC 2007) was the second in the annual series that started in 2006. IWSEC 2007 was held at the New Public Hall in Nara, Japan, during October 29–31, 2007. This year there were 112 paper submissions, and from these 30 papers were accepted. Accepted papers came from 27 different countries, with the largest proportion coming from Japan (12). Estonia, China, Korea, Spain, Taiwan and the USA contributed 2 papers each and Canada, Germany, Greece, Poland, Turkey and Vietnam contributed 1 paper each. We would like to thank all of the authors who submitted papers to IWSEC 2007. The contributed papers were supplemented by one invited talk from the eminent researcher Prof. Doug Tygar (UC Berkeley) in information security. We were fortunate to have an energetic team of experts who formed the Program Committee. Their names may be found overleaf, and we are sincerely grateful for all their great efforts. This team was supported by an even larger number of individuals who reviewed papers in their particular areas of expertise. A list of these names is also provided; we hope it is complete.
