Suryan, A., Doh, D.H., Yaga, M., Zhang, G. (Eds.), College of Engineering Trivandrum, Trivandrum, India

Recent Asian Research on Thermal and Fluid Sciences

Proceedings of AJWTF7 2018

- Pursues a novel approach, reporting on collaborative efforts by researchers from leading Asian countries
- Shares the outcomes of the AJWTF7 2018, which was held in Trivandrum, India, in November 2018
- Offers a valuable reference guide for researchers and practitioners in academia and industry

This book presents a collection of the best papers from the Seventh Asian Joint Workshop on Thermophysics and Fluid Science (AJWTF7 2018), which was held in Trivandrum, India, in November 2018. The papers highlight research outputs from India, China, Japan, Korea and Bangladesh, and many of them report on collaborative efforts by researchers from these countries. The topics covered include Aero-Acoustics, Aerodynamics, Aerospace Engineering, Bio-Fluidics, Combustion, Flow Measurement, Control and Instrumentation, Fluid Dynamics, Heat and Mass Transfer, Thermodynamics, Mixing and Chemically Reacting Flows, Multiphase Flows, Micro/Nano Flows, Noise/NOx/SOx Reduction, Propulsion, Transonic and Supersonic Flows, and Turbomachinery. The book is one of the first on the topic to gather contributions from some of the leading countries in Asia. Given its scope, it will benefit researchers and students working on research problems in the thermal and fluid sciences.
