Tips and Tricks in Endocrine Surgery

- This book summarises for quick reference all need-to-know aspects of endocrine surgery procedures
- Each chapter focuses on one endocrine disorder and briefly covers definition, incidence, presentation, investigations, medical management, indications for surgery, tips for surgery, complications and outcomes
- Each chapter includes a 'pearls and pitfalls' box, providing extra tips for the trainee surgeon

This book provides a concise summary across all aspects of endocrine surgery, covering the major endocrine organs and discussing aspects of surgical care. It comprises five sections covering the major endocrine organs/systems, each with a specialist section editor. Within each section there are a number of brief (2-3 page) chapters, written in a combination of prose and bullet points, a format that is conducive to both detailed reading and quicker, "dipping in", review. Each chapter contains a "Pearls and Pitfalls" summary box. The text takes into account the latest evidence and current expert opinion from an internationally renowned list of authors.
