Energy : Energy Storage

Helseth, Arild (Ed.)

Proceedings of the 6th International Workshop on Hydro Scheduling in Competitive Electricity Markets

- **Presents contributions to the 6th International Workshop on Hydro Scheduling in Competitive Electricity Markets, a key meeting for researchers and practitioners to discuss and explore hydro scheduling**
- **Includes chapters on the theory behind hydro scheduling, its current status, and its practical application**
- **Puts hydro scheduling into the wider contexts of risk management and how it may be integrated into energy markets**

This book includes a collection of research articles presented at the "6th International Workshop on Hydro Scheduling in Competitive Electricity Markets". The workshop was a unique and intimate forum for researchers and practitioners to present state-of-the-art research and development concerning novel methodological findings, best practices and real-life applications of hydro scheduling. It also provided a platform for discussing the developments that are taking place in the industry, sharing different experiences and discussing future trends related to this area. This proceedings book is a collection of the most relevant, high-quality articles from the workshop. Discussing the state-of-the-art in the field of hydro scheduling, it is a valuable resource for a wide audience of researchers and practitioners in the field now and in the interesting and challenging times ahead.
