Advances in Human Dynamics for the Development of Contemporary Societies

Proceedings of the AHFE 2021 Virtual Conference on Human Dynamics
for the Development of Contemporary Societies, July 25-29, 2021, USA

Series: Lecture Notes in Networks and Systems

- Reports on ergonomic research serving the purpose of improving people's well-being
- Highlights solutions to foster participation, inclusion and creativity
- Describes innovative solutions for eco and sustainable design

This book addresses the importance of human factors in the design of artifacts and systems that serves contemporary individual and societal needs. It reports on cutting-edge, multidisciplinary design research and practices fostering creativity, interaction and co-creation, sustainability, digital development, mobility, as well as science and education. Gathering contributions to the first edition of the AHFE 2021 Affiliated Conference on Human Dynamics for the Development of Contemporary Societies, held virtually on July 25-29, 2021, from USA, this book, which brings together experts with different design and human factors engineering as well as user interface and user experience backgrounds, offers a timely perspective on the role of human factors and design in the developments of modern society and is expected to foster new approaches and interdisciplinary collaboration.
