Global Encyclopedia of Public Administration, Public Policy, and Governance

- Global overview of public administration and public policy
- Edited by internationally recognized scholars and practitioners of public administration
- Touches upon a variety of theories, methodology and practical knowledge across the discipline

This work serves as a comprehensive collection of global scholarship regarding the vast fields of public administration and public policy. Written and edited by leading international scholars and practitioners, this exhaustive resource covers all areas of the twin fields of study. In keeping with the multidisciplinary spirit of these fields, the entries make use of various theoretical, empirical, analytical, practical, and methodological bases of knowledge. The encyclopedia provides a snapshot of the most current research in public administration and public policy, covering such important areas as: 1. organization theory, behavior, change and development 2. administrative theory and practice 3. bureaucracy 4. public budgeting and financial management 5. public finance and public management 6. public personnel and labor-management relations 7. crisis and emergency management 8. institutional theory and public administration 9. law and regulations 10. ethics and accountability Relevant to professionals, experts, scholars, general readers, and students worldwide, this work will serve as the most viable global reference source for those looking for an introduction to the field.
