

A. Kaveh

Applications of Metaheuristic Optimization Algorithms in Civil Engineering

- Presents recently developed meta-heuristics optimization algorithms
- Shows how to apply them in solving optimization problems in civil engineering
- Well-known author with long experience in the field

The book presents recently developed efficient metaheuristic optimization algorithms and their applications for solving various optimization problems in civil engineering. The concepts can also be used for optimizing problems in mechanical and electrical engineering.

1st ed. 2017, XVI, 373 p. 40 illus., 4 illus. in color.
