Recent Advances in Environmental Science from the Euro-Mediterranean and Surrounding Regions

Proceedings of Euro-Mediterranean Conference for Environmental
Integration (EMCEI-1), Tunisia 2017

- Shares insights on the development of the Euro-Mediterranean environment (past, present, and future)
- Includes case studies that illustrate how science can contribute to promoting a more sustainable environment
- Discusses latest advances in environmental science from diverse backgrounds
- Maximizes reader insights into emerging environmental issues and challenges in the Euro-Mediterranean zone and surrounding regions

This volume includes the papers presented during the 1st Euro-Mediterranean Conference for Environmental Integration (EMCEI) which was held in Sousse, Tunisia in November 2017. This conference was jointly organized by the editorial office of the Euro-Mediterranean Journal for Environmental Integration in Sfax, Tunisia and Springer (MENA Publishing Program) in Germany. It aimed to give a more concrete expression to the Euro-Mediterranean integration process by supplementing existing North-South programs and agreements with a new multilateral scientific forum that emphasizes in particular the vulnerability and proactive remediation of the Euro-Mediterranean region from an environmental point of view.
