Security and Privacy in Communication Networks

**13th International Conference, SecureComm 2017, Niagara Falls, ON,
Canada, October 22–25, 2017, Proceedings**

This book constitutes the thoroughly refereed proceedings of the 13th International Conference on Security and Privacy in Communications Networks, SecureComm 2017, held in Niagara Falls, ON, Canada, in October 2017. The 31 revised regular papers and 15 short papers were carefully reviewed and selected from 105 submissions. The topics range from security and privacy in machine learning to differential privacy, which are currently hot research topics in cyber security research.
