Chemistry : Chemistry (general)

Barke, H.-D., Harsch, G., Schmid, S., Westf. Wilhelms-Universität Münster, Münster, Germany

Essentials of Chemical Education

- A concise overview of essential topics for successful education and training of chemistry teachers
- Includes experiments and exercises
- Award winning authors

For everybody teaching chemistry or becoming a chemistry teacher, the authors provide a practice-oriented overview with numerous examples from current chemical education, including experiments, models and exercises as well as relevant results from research on learning and teaching. With their proven concept, the authors cover classical topics of chemical education as well as modern topics such as every-day-life chemistry, student's misconceptions, the use of media or the challenges of motivation. This is the completely revised and updated English edition of a highly successful German title.
