Open Tourism

Open Innovation, Crowdsourcing and Co-Creation Challenging the Tourism Industry

Series: Tourism on the Verge

- Provides a unique assembly of methods, practices and cases for the use of social media in tourism
- With its coherent framework this book is suitable both as an introductory work and a reference for professionals and researchers alike
- Links recent trends like Open Innovation and Crowdsourcing to the tourism industry

This book examines the concepts of open innovation, crowdsourcing and co-creation from a holistic point of view and analyzes them considering their suitability to the tourism industry. Methods, theories and models are discussed and examined regarding their practical applicability in tourism. The book illustrates the theoretical mechanisms and principles of Open Innovation, Crowdsourcing and Co-creation with case studies and best practices examples. In addition to the scientific target group, the book is a useful resource for managers of the entire tourism industry. First, the book presents the theoretical fundamentals and concepts in 11 specific chapters. This basis is then enriched by three parts with case studies, focusing on information, creation and provision respectively. Finally in a concluding part the editors sum up the book and give an outlook on the implications, learnings and future perspectives of open innovation, crowdsourcing and collaborative consumption in the tourism industry.
