Computer Science : Mathematical Logic and Formal Languages

Sikos, Jennifer, Pacuit, Eric (Eds.)

At the Intersection of Language, Logic, and Information

**ESSLLI 2018 Student Session, Sofia, Bulgaria, August 6–17, 2018,
Selected Papers**

The European Summer School in Logic, Language and Information (ESSLLI) is organized every year by the Association for Logic, Language and Information (FoLLI) in different sites around Europe. The papers cover vastly different topics, but each fall in the intersection of the three primary topics of ESSLLI: Logic, Language and Computation. The 14 papers presented in this volume have been selected among 24 papers presented by talks or posters at the Student Sessions of the 30th edition of ESSLLI, held in 2018 in Sofia, Bulgaria. The Student Session is a forum for PhD and Master students to present their research at the interfaces of logic, language and computation. It features three tracks: Logic and Computation (LoCo), Logic and Language (LoLa), and Language and Computation (LaCo).
