Project and Design Literacy as Cornerstones of Smart Education

**Proceedings of the 4th International Conference on Smart Learning
Ecosystems and Regional Development**

- Focus on innovation potential of smart learning technologies for urban and regional development as well as for increased citizen involvement
- Includes human-centred approach to the usually functional perspective of smart cities
- Useful for researchers, policy-makers and practitioners

The book includes high-quality papers presented at the 4th International Conference on Smart Learning Ecosystems and Regional Development at Università Roma Tor Vergata, Italy, from 22 to 24 May, 2019. Providing insights into the relevance of smart learning ecosystems (schools, campuses, the workplace, informal learning contexts, etc.) for regional development and social innovation, it also discusses how citizens' involvement with smart ecosystems can be increased and made more effective.
