Machine Learning, Advances in Computing, Renewable Energy and Communication

Proceedings of MARC 2020

Series: Lecture Notes in Electrical Engineering

- **Presents recent innovative research in the field of computational intelligence and renewal energy**
- **Discusses the outcomes of MARC 2020, held in Ghaziabad, India**
- **Serves as a reference resource for researchers and practitioners in academia and industry**

This book gathers selected papers presented at International Conference on Machine Learning, Advances in Computing, Renewable Energy and Communication (MARC 2020), held in Krishna Engineering College, Ghaziabad, India, during December 17–18, 2020. This book discusses key concepts, challenges, and potential solutions in connection with established and emerging topics in advanced computing, renewable energy, and network communications.
