# Transformations of Religiosity

Religion and Religiosity in Eastern Europe 1989-2010

## • Religion and Religiosity in Eastern Europe 1989 - 2010

Following the political and economic transformation processes in Eastern Europe the religious landscapes have also changed. While some countries display a revitalization of religion, others are continuously secularizing. The book explores this contrast, including different, empirical based studies on the topic in a wide range of Eastern European countries.
