ICT with Intelligent Applications

Proceedings of ICTIS 2021, Volume 1

Series: Smart Innovation, Systems and Technologies

- Presents research works in the field of information and communication technologies
- Provides original works presented at ICTIS 2021 held in Ahmedabad, India
- Serves as a reference for researchers and practitioners in academia and industry

This book gathers papers addressing state-of-the-art research in all areas of information and communication technologies and their applications in intelligent computing, cloud storage, data mining and software analysis. It presents the outcomes of the Fifth International Conference on Information and Communication Technology for Intelligent Systems (ICTIS 2021), held in Ahmedabad, India. The book is divided into two volumes. It discusses the fundamentals of various data analysis techniques and algorithms, making it a valuable resource for researchers and practitioners alike.
