# Third International Congress on Information and Communication Technology

ICICT 2018, London

Series: *Advances in Intelligent Systems and Computing*

- Discusses information and communication technology (ICT)-based applications in agriculture, rural development, mining, and other inclusive technologies
- Presents technocrats' and academics' innovative and constructive ideas
- Focuses on new technologies in the Internet of Things (IOT)

The book includes selected high-quality research papers presented at the Third International Congress on Information and Communication Technology held at Brunel University, London on February 27–28, 2018. It discusses emerging topics pertaining to information and communication technology (ICT) for managerial applications, e-governance, e-agriculture, e-education and computing technologies, the Internet of Things (IOT), and e-mining. Written by experts and researchers working on ICT, the book is suitable for new researchers involved in advanced studies.
