Fuzzy Information and Engineering-2019

- Gathers the most outstanding research papers from the ICFIE and ICFAE conferences
- Discusses recent findings in fuzzy information and engineering, operational research and management, and their applications
- Offers a valuable reference resource for researchers and practitioners in academia and industry

This book includes 70 selected papers from the Ninth International Conference on Fuzzy Information and Engineering (ICFIE) Satellite, which was held on December 26–30, 2018; and from the 9th International Conference on Fuzzy Information and Engineering (ICFAE), which was held on February 13–15, 2019. The two conferences presented the latest research in the areas of fuzzy information and engineering, operational research and management, and their applications.
