Earth Sciences : Oceanography

Rasul, Najeeb M.A., Stewart, Ian C.F. (Eds.)

Oceanographic and Biological Aspects of the Red Sea

- Provides up-to-date research results from the Red Sea
- Focuses on oceanography and environment of the Red Sea
- Educates public on various aspects of the marine sciences
- Provides information for policy makers in coastal zone management

This book includes invited contributions presenting the latest research on the oceanography and environment of the Red Sea. In addition to covering topics relevant to research in the region and providing insights into marine science for non-experts, it is also of interest to those involved in the management of coastal zones and encourages further research on the Red Sea
