Programming Concepts and Methods PROCOMET '98

IFIP TC2 / WG2.2, 2.3 International Conference on Programming Concepts and Methods (PROCOMET '98) 8–12 June 1998, Shelter Island, New York, USA

Series: IFIP Advances in Information and Communication Technology

This book constitutes the Proceedings of the IFIP Working Conference PROCOMET'98, held 8–12 June 1998 at Shelter Island, N.Y. The conference is organized by the two IFIP TC 2 Working Groups 2.2 Formal Description of Programming Concepts and 2.3 Programming Methodology. WG2.2 and WG2.3 have been organizing these conferences every four years for over twenty years. The aim of such Working Conferences organized by IFIP Working Groups is to bring together leading scientists in a given area of computer science. Participation is by invitation only. As a result, these conferences distinguish themselves from other meetings by extensive and competent technical discussions. PROCOMET stands for Programming Concepts and Methods, indicating that the area of discussion for the conference is the formal description of programming concepts and methods, their tool support, and their applications. At PROCOMET working conferences, papers are presented from this whole area, reflecting the interest of the individuals in WG2.2 and WG2.3.
