

Ian Gordon

# Kid Comic Strips

A Genre Across Four Countries

Series: Palgrave Studies in Comics and Graphic Novels

- Analyzes kid comic strips from four different countries
- Provides a nuanced understanding of the international history of comics through a comparative approach to kid comics

This book looks at the humor that artists and editors believed would have appeal in four different countries. Ian Gordon explains how similar humor played out in comic strips across different cultures and humor styles. By examining Skippy and Ginger Meggs, the book shows a good deal of similarities between American and Australian humor while establishing some distinct differences. In examining the French translation of Perry Winkle, the book explores questions of language and culture. By shifting focus to a later period and looking at the American and British comics entitled Dennis the Menace, two very different comics bearing the same name, Kid Comic Strips details both differences in culture and traditions and the importance of the type of reader imagined by the artist.

1st ed. 2017, XI, 94 p. 7 illus., 5 illus. in color.
