Economic Development and Financial Markets

Latest Research and Policy Insights from Central and Southeastern Europe

- Analyses macroeconomic trends and monetary policy issues
- Presents extensively researched strategies for the further economic development in Eastern Europe
- Covers topics such as regional inequalities, industrial competitiveness, and insurance markets

This book offers fresh insights into the economic development and financial markets of Southeastern and Central European countries. The first part analyses macroeconomic trends and monetary policy issues, while the second part explores the development of financial and insurance markets. With contributions covering topics such as regional and income inequalities, economic embeddedness, industrial competitiveness, entrepreneurship, financial integration, insurance markets, and other socio-economic aspects, it appeals to scholars in the field of economics and finance interested in the further economic development of the Balkans and Eastern European countries as well as to professionals in the financial and insurance sectors.
