Proceedings of the 2nd International and Interdisciplinary Conference on Image and Imagination

IMG 2019

- Presents the state-of-the-art in graphics science and education
- Features interdisciplinary and multi-disciplinary research
- Written by leading experts in the field

This book gathers peer-reviewed papers presented at the 1st International and Interdisciplinary Conference on Image and Imagination (IMG 2019), held in Alghero, Italy, in July 2019. Highlighting interdisciplinary and multi-disciplinary research concerning graphics science and education, the papers address theoretical research as well as applications, including education, in several fields of science, technology and art. Mainly focusing on graphics for communication, visualization, description and storytelling, and for learning and thought construction, the book provides architects, engineers, computer scientists, and designers with the latest advances in the field, particularly in the context of science, arts and education.
