Economics : Regional/Spatial Science

Luque, Jaime, Wisconsin School of Business, Madison, WI, USA

# Urban Land Economics

- Presents the latest research in the field of regional and urban economics comprehensively and concisely
- Bridges the gap between new high-impact research and previous theories in urban economics
- Addresses the interests of scholars and academics in the fields of business and economics

This book covers the main aspects of regional and urban economics and presents state-of-the-art theories in a comprehensive and concise way. The book will be of interest to undergraduates in business and economics and covers specific areas such as real estate, urban and regional planning and geography and development studies.
