# Cellulose Chemistry and Properties: Fibers, Nanocelluloses and Advanced Materials

- A high Impact Factor and a top position in the ISI ranking (Polymer Science)
- This series presents critical reviews of the present position and future trends in modern research in polymer science
- Concise reports on physics and chemistry of polymers, each written by the world renowned experts
- Still valid and useful after 5 or 10 years
- More information as well as the electronic version of the whole content available at: [www.springer.com/series/12](http://www.springer.com/series/12)
