Working for Oil

Comparative Social Histories of Labor in the Global Oil Industry

- Provides a range of analysis from scholars of multiple disciplines
- Uses a comparative approach to look at several key oil producing regions
- Examines the labor experience from social, political, and cultural angles

This volume examines the social history of oil workers and investigates how labor relations have shaped the global oil industry during the twentieth century and today. It brings together the work of scholars from a range of disciplines, approaching the social, political, economic and cultural dimensions of oil. The contributors analyze a number of key oil producing regions, including the Americas, the Middle East, Central Asia, the Caucasus, Europe and Africa.
