First Contact and Time Travel

Selected Essays and Short Stories

Series: Science and Fiction

- **First volume collecting part of this authors' non-fiction writings on SF**
- **Emphasizes the connection between hard and literary SF on the chosen topics**
- **Authored by an internationally known writer, researcher and essayist**
-

This volume collects both essays and fictional material around two core topics in the long career of the Serbian writer, essayist, researcher, publisher and translator. The first topic - first contact - is chiefly represented by his comprehensive essay on "The Theme of First Contact in the SF Works of Arthur C. Clarke" and reflected on the literary level with his short stories "The Bookshop" and "The Puzzle". Two shorter essays on the second topic - time travel in SF literature - introduce, amongst others, the well-known and fascinating mosaic novel *Time Gifts*, which skillfully explores the more literary side of the notions of past, present and future. In the annotations the author provides insights into his take on the subjects presented.
