Alfredo Ortega-Rubio (Ed.)

Mexican Natural Resources Management and Biodiversity Conservation

Recent Case Studies

- This book addresses the links between natural resource management and biodiversity conservation in Mexico
- A truly multidisciplinary book, including a wide array of author's from the social, economic and natural sciences
- It offers practical recommendations for Mexican biodiversity conservation, which can be extrapolated to other Latin American countries

This book presents valuable and recent lessons learned regarding the links between natural resources management, from a Socio-Ecological perspective, and the biodiversity conservation in Mexico. It address the political and social aspects, as well as the biological and ecological factors, involved in natural resources management and their impacts on biodiversity conservation. It is a useful resource for researchers and professionals around the globe, but especially those in Latin American countries, which are grappling with the same Bio-Cultural heritage conservation issues.
