

Philippe Blondel, John Mason (Eds.)

Solar System Update

Series: Geophysical Sciences

- **First book in a series of books reviewing timely topics in solar system research.**

This book, the first in a series of forthcoming volumes, consists of topical and timely reviews of a number of carefully selected topics in solar system science. Contributions, in form of up-to-date reviews, are mainly aimed at professional astronomers and planetary scientists wishing to inform themselves about progress in fields closely related to their own field of expertise.

2006, XX, 332 p.
