The Emerging Constitutional Law of the European Union

German and Polish Perspectives

Young lawyers from different academic centres in Germany and Poland comment on the ongoing constitutional debate in the EU. Each of the more than 20 articles is dedicated to a specific theme, i.e. human rights, institutional design, current and future function of the EU, homogeneity and identity, security and defence policy, home policy and common values. Similarities as well as differences in the perspectives of an old EU Member State on the one hand and an EU Member State-to-be on the other hand are revealed.
