HIV/AIDS in China

Beyond the Numbers

- Describes the history of HIV/AIDS in China
- Presents Chinese strategies
- Contributed by respected experts in this field

This book presents the history of HIV/AIDS in China, which over the last three decades has been a gripping tale of exclusion and fear, and then, by turns, of involuntary tragedy, cautious experimentation and finally vigorous response. It discusses the occurrence, development and epidemic studies and also introduces China's policies and measures to conquer this epidemic, offering readers valuable insights into China's approach to prevention in this field.
