# Social Life Cycle Assessment

**Case Studies from the Textile and Energy Sectors**

- Draws on case studies to discuss Social Life Cycle Assessment (SLCA) in the textiles and energy sectors
- Highlights the SLCA of solar power plants and use phase of the LCA model
- Presents a wealth of models, indices, impact categories, etc. for SLCA that are currently being developed for various industrial applications

This book highlights the Social Life Cycle Assessment (SLCA) of the energy and textile sectors. It also presents a range of models, indices, impact categories, etc. for SLCA that are currently being developed for industrial applications. Though SLCA was introduced in 2010, it is still relatively new compared to environmental life cycle assessment (ELCA).
