Communications, Signal Processing, and Systems

Proceedings of the 2018 CSPA Volume III: Systems

Series: Lecture Notes in Electrical Engineering

- Brings together the papers presented at the 2018 International Conference on Communications, Signal Processing, and Systems held in Dalian, China on July 14–16, 2018
- Includes the latest developments in communications, signal processing, and systems
- Examines system approaches for communications and signal processing
- Promotes the integration of algorithms and systems, software, and hardware

This book brings together papers from the 2018 International Conference on Communications, Signal Processing, and Systems, which was held in Dalian, China on July 14–16, 2018. Presenting the latest developments and discussing the interactions and links between these multidisciplinary fields, the book spans topics ranging from communications, signal processing and systems. It is aimed at undergraduate and graduate electrical engineering, computer science and mathematics students, researchers and engineers from academia and industry as well as government employees.
