Proceedings of the 2019 DigitalFUTURES

The 1st International Conference on Computational Design and Robotic Fabrication (CDRF 2019)

- Collects papers from the 1st International Conference on Computational Design and Robotic Fabrication (CDRF 2019)
- Presents the applications of artificial intelligence in architectural design and construction
- Promotes theoretical and scientific researches on computational design and robotic fabrication among academic institutions

The "2019 DigitalFUTURES — The 1st International Conference on Computational Design and Robotic Fabrication (CDRF 2019)" provides an international platform for advanced scientific research papers on the digital technology of architectural design and construction. The themes of the papers include, but are not limited to, architectural theories, tools, methods and procedures in material intelligence, data intelligence; computational intelligence, and robotic intelligence.
