Education : International and Comparative Education

Sanger, Catherine Shea, Gleason, Nancy W. (Eds.)

Diversity and Inclusion in Global Higher Education

Lessons from Across Asia

- **Explores the growing importance of international liberal arts education programs**
- **Highlights the relevance of understanding student diversity to achieve deep learning in a changing educational context**
- **Provides a unique toolkit for educators and professional development experts**
- **Open access**

This open access book offers pioneering insights and practical methods for promoting diversity and inclusion in higher education classrooms and curricula. It highlights the growing importance of international education programs in Asia and the value of understanding student diversity in a changing, evermore interconnected world. The book explores diversity across physical, psychological and cognitive traits, socio-economic backgrounds, value systems, traditions and emerging identities, as well as diverse expectations around teaching, grading, and assessment. Chapters detail significant trends in active learning pedagogy, writing programs, language acquisition, and implications for teaching in the liberal arts, adult learners, girls and women, and Confucian heritage communities. A quality, relevant, 21st Century education should address multifaceted and intersecting forms of diversity to equip students for deep life-long learning inside and outside the classroom. This timely volume provides a unique toolkit for educators, policy-makers, and professional development experts.
